Eiger Mobile Wall Kit - Bass Trap Corner

Treating your Hi-Fi system's low frequency response can be challenging and require some compromises. With Mobile Bass Trap Kit it can be done without compromising the aesthetics of your room, Artnovion's Mobile Bass Trap Kit is the perfect solution. Available with 2 or 3 of our patented tuneable bass traps, this freestanding solution allows you to place the panels in any of the high-pressure zones of your room and gives you complete freedom to move them whenever and wherever you need to. Due to not requiring any screwing or glueing, the kit allows you to maintain the integrity of your walls.
