

Helen Mobile Wall Mobile Kits

Helen Mobile Wall is composed by 1 Mobile Wall, with 3 Helen Absorber Panels

Inspired by our Music Industry & Broadcast market, from musicians to sound mixers. The need for portable sound treatment is ever-increasing, Whether for a portable studio, treating that last remaining doorway, or configuring rooms and auditoriums, the Helen Mobile Wall meets these needs effortlessly.

Our high-quality Helen absorbers are a perfect balance between performance and classical design. Transform any space into a Hi-Fi room, or create an artificial wall for your first reflection control. Using our patented FixArt Tube System, optimised for transportability and space, Helen Mobile Wall is a welcome addition to any space.
