

Sahara - Panelling

Sahara is a hybrid acoustic panel, with a high-performance acoustic core covered with a beautiful diffuser front. Hybrid panels such as Sahara decrease reverberation time whilst also improving sound field distribution, the perfect combination for wall-to-wall solutions.

Sahara panelling is made from select sustainable woods and a recycled PET core.

The panelling range has a simple discreet installation system that allows for quick mounting and easy maintenance.

Features

Type:
Absorber

Absorption Range:
3150 Hz to 5000 Hz

Acoustic Class:
C | (aw) = 0,7

Carbon positive Natural Wood - Carefully selected wood from controlled, sustainable sources.
