

## Athos Doble H W - Absorber

Athos is the latest addition to our Pro Audio range. This high performance panel was designed to counteract reflections, concentrating on mid-high frequencies, while it's sleek surfaces and perforation also provide selective scattering over high frequencies, combining both effects in this distinct design. Available in a selection of lacquered and wood finishes, and in FG and FR+ Fire rates.

This striking panel displays the signature design of Artnovion's founder Jorge Castro.

### Features

Type:  
Absorber

Absorption Range:  
315 Hz to 5000 Hz
