

Athos W - Absorber

Athos is a high-performance panel, designed to counteract reflections, concentrating on mid-high frequencies, while it's sleek surfaces and perforation also provide selective scattering over high frequencies, combining both effects in this distinct design. Available in a selection of lacquered and wood finishes, and in FG and FR+ Fire rates.

This striking panel is a prime example of signature Artnovion design.

Features

Type:
Absorber

Absorption Range:
315 Hz to 5000 Hz

Acoustic Class:
C | (α_w) = 0,7

Purpose

- Sweet spot sound field distribution
- RT reduction

Recommended for

- Control Room
