Komodo Doble V W - Absorber

Flat reflective surfaces are known to cause interfering reflections and excessive echo, which can impose restrictions on the functionality of your home cinema or hi-fi room. In order to address your specific needs, Artnovion developed the Komodo W Absorber, a decorative and innovative wooden panel with an acoustically optimised perforation pattern that eliminates sound radiation effects, offering reflection and reverberation control.

Features

Type:
Absorber

Absorption Range:
250 Hz to 4000 Hz

Acoustic Class:
C | (aw) = 0,7

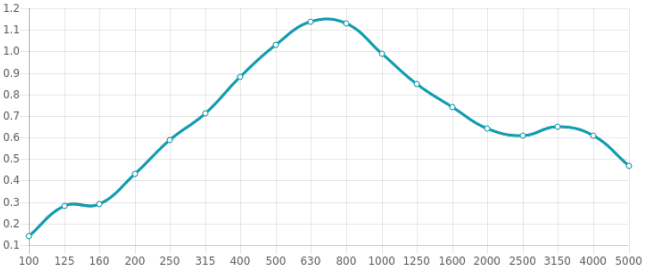

Purpose

- RT reduction
- Flutter echo control
