

Antares Doble V W - Absorber

Antares Doble Absorber is the latest addition to the Jan morel product lineup. It is the culmination of precise engineering with the creative mindset of Jan Morel - resulting in a deviantly intense powerhouse of a panel.

The tapered slots of the panel create balanced mid-range absorption, whilst the panels' deceptively large absorption area guarantees high performance high frequency absorption. Antares Doble Absorber is the perfect tool to tune your studios acoustics.

Features

Features:

Type:

Absorber

Absorption Range:

315 Hz to 5000 Hz

Acoustic Class:

C | (α_w) = 0,7

Performance

This product is available in the following Fire Rate:

FG | Furniture Grade

PRODUCT COMPOSITION:
